

Square Kilometre Array: science, technology and status (No 1635)

 30.06.2020  11:00 - 11:15  Plenary talk
 Tuesday Plenary

[Philip Diamond](#)¹

¹ SKA Organisation

The Square Kilometre Array, a global project with a partnership of 14 countries, is approaching the start of construction. I shall briefly review the science goals of the SKA, the technology that has been designed to deliver that science and the current status of the project.
