

SKAO Report (No 2615)

📅 29.06.2021 ⌚ 14:30 - 14:50 🗨️ Plenary talk
🔗 Tuesday Plenary

Philip Diamond

The last year has been a busy one for the SKA project, we have developed and submitted the SKA1 Construction Proposal and the SKA Observatory Establishment and Delivery Plan; the SKA Observatory has entered into existence and we are now preparing for the start of construction activities. I shall summarise the activities of the past year and the current status of the project.
